## Lebanon Waste Management Exhibition & Conference 2020

LWME 2020 was inaugurated by  
**His Excellency Fady Jreissati**  
(Minister of Environment)

**Lebanon Waste Management Exhibition & Conference 2020** addresses a wide variety of waste management issues in an effort to answer some of the burning questions facing our environment, health, industry and economy. These issues include collection, forwarding, storage, reprocessing and recycling of industrial and residual waste.

**Lebanon Waste Management Exhibition & Conference 2020** serves as a platform for waste professionals in Lebanon to exchange ideas and information about the latest and advanced waste and recycling methods. It also presents a tremendous opportunity for the leading industry companies to showcase their waste and recycling products and services to the largest gathering of governmental, municipal and private sector waste and recycling professionals in Lebanon.

### Exhibition Profile

# What Exhibitors Say

## About Lebanon Waste Management Exhibition and Conference:

The only exhibition organized in Lebanon where you meet real industry professionals and high-quality visitors. Lebanon Expo made in three days a special and professional platform for waste management.

**Panda Plast, Lebanon**

The Waste Management Expo 2020 exceeded my expectations. There is an ideal ambience to generate business with local companies.

**Hofstetter, Switzerland**

The expo and conference gave the opportunity to different local and international actors of the waste management in Lebanon to discuss on many topics, to meet and to follow the evolution of the environmental policies. Well-organized!

**SUEZ, France**

It was a pleasure to do business with Lebanon Expo. The organizers demonstrated high professionalism in the organization of the exhibition, and not to forget the continuous support. We are interested in next year's expo. Please share the floor plan once its ready.

**Fimuskraft Ltd., Finland**

It was a very good experience for us with Lebanon Expo and we are very sure that the next edition will be better especially in the presence of an organizer like Lebanon Expo.

**Bou Chalhoub Est. , Lebanon**

It is exciting to hear and be part of Waste Management Exhibition/Conference held for the first time in Lebanon. The expo is very good and unique, and we will be coming back for the next edition of Waste Management Exhibition.

**REFMACS, Lebanon**

WBG was a good exhibition and were very pleased with the visitors we had. We look forward to the next show in 2020.

**WBG, Germany**

First of all we would like to thank you for this well-organized first edition of Lebanon Waste Management Exhibition and Conference. From our end we also look forward to a more successful event next year and we trust it will be.

**IBC, Lebanon**

# Where the Waste Management Industry Meets

## ORGANIZER'S PROFILE

Lebanon Expo is a Lebanon-based professional specialized B2B trade exhibitions, conferences and events organizer founded and managed by a group of experts who are well-versed and have long experience in the Meetings, Incentives, Conferences and Exhibitions (MICE) industry. It is composed of a team of highly capable and experienced members with a collective 30-year experience in developing and organizing successful events across industry verticals.
